The Ultimate Switch

# The Ultimate Switch

ULTI

Creating...

A cosy, charming dinner with your family ?

A romantic evening with your significant other?

An enjoyable gathering with your friends and acquaintances?

A truly breathtaking cinematic experience?

At a single touch, every light, every mood will take you to another level of tasteful living.

A **CLIPSAL** CONCEPT

# | One-Touch Scene Control

A touch of class, a touch of substance. With the simple touch of a button, any pre-programmed combination of lights can be called upon to create desired lighting scenes, aimed to bring out the absolute best in your décor. And rest assured we have taken every step to ensure there will be no compromise on your functional needs. After all as your mood or requirements change, your lighting should see to your every desire.

# | Mix & Match Stylish Living

God is in the details. After all it is the subtle, refined touches such as elegant light switches that breathe life into an interior concept. Whatever colour or shade you desire, chances are we already have you in mind. From Crystal Glass and Champagne-Gold to Brushed Silver and Pearl-White finishes, there will surely be something of your fancy. And together with our "made-to-order" service, we have taken every step to ensure we provide the option you need when it comes to complementing your interior décor.

ULTI

### Elegant Glow in the Dark

ULTI's light touch buttons are equipped with backlight that gives out a soft gentle glow, letting you to locate the switch in the dark with the greatest of ease.

### A Decorative Art Piece

Let our ultra-slim switches add a modern and timeless feel to your home, no matter its style, no matter its design. After all the honesty and grace of our sophisticated switches will surely please the eye no matter the setting.

Amazing but true, 5 minutes is all you will ever need to install an ULTI switch. Simply remove your original switch, and replace it with an ULTI switch! With no rewiring required, installation is easy and hassle-free.

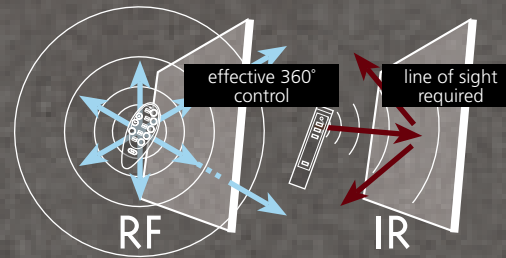

### Install Anywhere Control Everywhere

Style is nothing without substance. Our innovative remote control system enables you to operate the lights from just about anywhere in the house. Both Handheld and FreeLocate switch are available to give you a truly free and wireless experience.

### Barrier Free

The beauty of our controller is in its ability to use radio frequency (RF) to cover remarkably large areas effectively. And with low power consumption coupled with control beyond four walls, you'll be delighted with boundless connectivity offered.

Unlike IR controllers which require line of sight, our RF controllers provide you with effective 360° control from anywhere in the house.

### Unique Identification Codes

ULTI receivers can reliably differentiate over 500,000 ID codes, to give you reliable control.

### 1-2-3 Simple Setting Steps

Programming your lights is as easy as one, two, three:

- 1 Set the switch to the "Prog" mode.
- 2 Assign the desired lighting settings.
- 3 Confirm your selection on the control unit.

And with that, numerous lighting settings are now available with just one touch.

## Flexi Applications

Acting as an extension to your limitless imagination, our flexible systems let you experiment with different lighting scenes, and if you like, additional switches and dimmers can be put in place as your needs expand. What's more, our switches can control other electrical appliances and other commercial applications.
